Capacities:

32GB
(up to 100MB/s read)¹

64GB
(up to 100MB/s read)¹

128GB
(up to 150MB/s read)¹

Stylist design with exceptional durability

The Lexar® JumpDrive® M37 USB 3.0 Flash Drive is an elegant solution to store, transfer and share files on-the-go. Its metal capless design is compact and durable, protecting the drive and your content with style. USB 3.0 transfer speeds up to 150MB/s read¹ allow you to transfer your files, photos, and videos with speed and reliability. Available in 32/64/128GB capacity. It's also backward compatible with 2.0 devices, and supports PC and Mac® systems, providing added versatility. Two-year limited warranty.

Quickly store and transfer content. With fast USB 3.0 performance, this drive delivers speeds up to 150MB/s read¹ so you can get to your content quicker. And for added versatility, the drive is backward compatible with USB 2.0 devices.

Style meets Durable. Store and transfer your photos, videos, and files in an elegant and classic metal design, one that combines exceptional durability with superior convenience.

Security every step of the way. JumpDrive M37 includes an advanced security solution with 256-bit AES encryption to help protect your essential files against corruption, loss, and deletion. Easily create a password-protected safe that automatically encrypts data. And for peace of mind, files that are deleted from the safe are securely erased and can't be recovered.

Rigorously tested. All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

For more than 20 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and solid-state drives. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores. For more information or support, visit www.lexar.com.

¹Up to 150MB/s read transfer, write speeds lower. USB 3.0 support required. Speeds based on internal testing. Actual performance may vary. Some of the listed storage capacity is used for formatting and other purposes and is not available for data storage. 1GB equals 1 billion bytes. Lexar is not liable for any loss of data or images.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory.
