## Capacities:

**32GB**  
(up to 130MB/s read, 25MB/s write)

**64GB**  
(up to 150MB/s read, 60MB/s write)

**128**  
(up to 150MB/s read, 60MB/s write)

## Easily transfer and share content between devices with next-generation USB Type-C technology

Designed for use with latest generation of devices with USB Type-C connectors, the Lexar® JumpDrive® C20c USB Type-C flash drive provides a seamless way to move content between your Type-C smartphone and tablet, and computer. This premium, high-performance 3-in-1 solution makes quick work of transferring files on the go.

**Offload your content on the go.** With today's overflow of content—created, captured, and consumed—it's easy to run out of space on your smartphone or tablet. Now you can make room for more by offloading your favorite photos and videos from your device.

Type-C connector

**Any which way is up.** No more fumbling to put your USB flash drive in the right way. The USB Type-C connector has a reversible design, so no matter which way you use it, it's the right way.

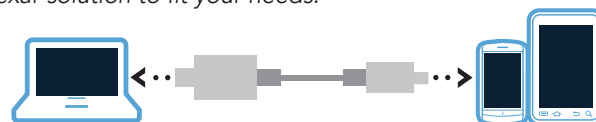

**Move files at USB 3.1 speeds.** Powered by USB 3.1 (Gen 1) performance, JumpDrive C20c makes quick work of offloading files. With read speeds up to 150MB/s\*, you can transfer a 3GB HD video clip in less than one minute—compared to the 4 minutes it takes using a standard USB 2.0 drive.\*\* And for added versatility, the drive is backwards compatible with USB 3.0 and 2.0 devices.

**Convenient cable design.** Multitasking goes upscale with the sleek metal finishings of JumpDrive C20c. It also comes with a cable clip to keep it folded for storage. Its unique 3-in-1 design, with both USB Type-C and standard USB Type-A connectors in a convenient charging cable design, gives you the ability to offload, back up, and charge your USB Type-C devices, it's a true workhorse for road warriors or anyone on the go.

**Save more of what matters.** With capacities up to 128GB, JumpDrive C20c not only lets you offload lots of content from your tablet or smartphone to create more room, but it also provides a great way to back up or archive all your important files.

With a long history in the industry, we know memory. We move quickly with technology to design the solutions you need, and work with device manufacturers to make sure our products are compatible. Then we stand behind them with outstanding warranties and helpful customer service. We're dedicated to performance, reliability, and expert support, so when it comes to storing the memories that matter, trust Lexar.

*For more than 20 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and storage drives. With so many options, it's easy to find the right Lexar solution to fit your needs.*

\*Up to 150MB/s read transfer, write speeds lower. Speeds based on internal testing. Actual performance may vary. x=150KB/s.

\*\*Based on 64GB capacity, 3.2GB video, HD 1080p@30fps (46 Mbps) video.

Some of the listed storage capacity is used for formatting and other purposes and is not available for data storage. 1GB equals 1 billion bytes.
